Album Release: "L'Ange Des Six Eaux"

January 2024 – Artist: Kentin Jivek

Kentin Jivek is a prolific singer-songwriter and producer known for his dark and magnetic folk style.

Over the past 15 years, he has graced stages across **Europe** and released over **thirty albums**, collaborating with various artists along the way. The artist's intent has not always been to actively promote each of his works, and furthermore, he has sought to distance himself from a traditionally **dark scene**, preferring an **experimental style**.

This intention has persisted until today, culminating in the release of his latest album, "**L'Ange des Six Eaux**."

The album is entirely sung in **French**, and its musical foundation is derived from sounds recorded in various locations, including **Malta, the island of Madeira, the French Normandy, Cadiz, and Alicante in Spain**.

His solitary travels have allowed him to work on this album in a **nomadic** manner.

As for influences, the only records he listened to during these journeys were those of **Hiroshi Yoshimura** and the classical composer **Alexandre Scriabine**. It was a period during which he extensively studied **Theravada Buddhism**.
